PREFACE

Under the authority contained in Section five (5) of the Act of February 27, 1901, this volume has been prepared and published. The section is as follows:

"An official and statistical register of the State of Alabama shall be compiled every two years by the Director, to contain (1) brief sketches of the several State officials, the members of Congress from Alabama, the Supreme Court Judges, the members of the Senate and House of Representatives of the State of Alabama: (2) rosters of all State and County officials; (3) lists of all State institutions, with officials; (4) State and county population and election statistics, and (5) miscellaneous statistics; and said register shall be published in an edition of one thousand copies for free distribution, the printing and binding to be paid for as other printing and binding hereinbefore provided."

The object of the publication is to present, in authoritative statistical form, the details of the organization of the State government, lists of officials, sketches of officials, and such miscellaneous and general data on the State and State affairs as may be of helpful service. The compilation has been made with great care. All names and dates are drawn from official sources as far as possible. No facts, not believed to be reliable and well-authenticated, have been admitted.

Throughout the country, books of this character are regarded as of first importance. It is hoped that this volume will prove not only of immediate use and value, but that it will be a permanent contribution to the official literature of Alabama.

Upon the Legislature changing from biennial to quadrennial meetings, terms of County and other officials being extended from the former term of two years to terms of four and six years, it is not necessary to produce an Official and Statistical Register more frequently than each four years. The last issue was published in 1935.

HON. HENRY BACON FOSTER

DEDICATION

This volume of the Alabama Official and Statistical Register is dedicated to the memory of Judge Henry Bacon Foster, of Tuscaloosa, for forty years a Trustee of the Department of Archives and History, representing the Sixth Congressional District. Judge Foster was one of the original Trustees having been appointed by Governor William J. Samford.

Judge Foster was born May 9, 1863, at "Glenwood", Tuscaloosa County and died in the City of Tuscaloosa where he had long resided, November 11, 1939. He was the son of the Rev. Joshua Hill and Frances Cornelia (Bacon) Foster, the former a Baptist minister and college president. He was the grandson of James and Mary Ellen (Hill) Foster.

Judge Foster was educated in the schools of Tuscaloosa and graduated from the Academic Department of the University of Alabama in 1882, with the degree of A. M. and from the Law Department, 1884, with the degree of LL.D. Included in his public service was seven years as County Solicitor, two years as Mayor of Tuscaloosa, six years in the Alabama Legislature and in 1903 he was appointed Judge of the Law and Equity Court of Tuscaloosa County. He was elected Judge of the sixth Judicial Circuit subsequently, and held that office until his death. At one time Judge Foster was active in the military affairs of the State and served as a Major during the Spanish-American War. He was a Baptist, Democrat, Knight of Pythias, Odd Fellow, Elk and Woodman of the World. On July 24, 1895 he was married to Jennie, daughter of Dr. William and Sallie (Hayes) Hester, of Tuscaloosa. They were the parents of three children, Henry Bacon, Jr., William Joshua and Sallie Olivia.

INTRODUCTION

STATE NAME

The etymology of the word or name Alabama has evoked much discussion among American philological students. It was the name of a noted Southern Indian tribe, whose habitat, when first known to Europeans, was in central Alabama. The greatest river in the State received its name from this tribe, and from the river, in turn, the name of the State was derived. The tribal name Alabama is spelled in various ways by the early chroniclers, Spanish, French and English, some of which forms are here given: Alabama, Al-bama, Alebamon, Alibama, Alibamo, Alibamou, Alibamon, Alabamu, Allibamou. The name first occurs in three of the chronicles of DeSoto's expedition, of 1540, written Alibamo by LaVega, Alimamu by the Knight of Elvas, and Limamu by Renjel. In the last form the initial vowel is dropped, and in both the last two the first "m" is used for "b," an interchange of these two consonants being common in Indian languages. The name, as recorded by these chroniclers, in this case, was the name of a subdivision of the Chickasaws, not the historic Alabamas of later times.

The popular belief, which is engrafted in a number of current histories and geographies, is that Alabama signifies, "Here we rest." This very pleasing etymology, during the fifties of the last century, obtained a wide currency through the writings of Judge A. B. Meek. But the very first account of the origin of the name as far as it now known, is contained in an issue of the *Jacksonville Republican*, Jacksonville, Ala., July 27, 1842. Whether Judge Meek himself was the author of this etymology, traced back to this source, is a question as yet unanswered.

As to the Muscogee origin of the name, thorough experts in that dialect have confessed their inability to find in it any word or phrase similar to Alabama and meaning "Here we rest."

But the problem is not hopeless. According to the recent investigations of Indianologists, the tribal name, Alabama, must be sought in the Choctaw tongue, as it was not uncommon for tribes to accept, as a national or tribal name, an appellation bestowed

upon them by some contiguous tribe. The late Rev. Allen Wright, a highly educated Choctaw, translates the name as "Thicket-clearers," compounded of "Alba," *a thicket or mass of vegetation*, and "amo" *to clear, to collect, to gather up*.

H. S. Halbert by independent study, about the same time, arrived at the same conclusion as that given by Mr. Wright, and translates the name as "Vegetation-gatherers," that is, gatherers of vegetation in clearing land for agricultural purposes. The word "alba" means such small vegetation as herbs, plants, shrubs and bushes, which were gathered in clearing land, and the word can be applied collectively to a thicket. Hence the translation as given by the Rev. Allen Wright and that of Mr. Halbert practically agree. The passive voice of amo is almo. In elaborating his views in defense of his position, Mr. Halbert gives two examples of Choctaw local names, "Kantak almo" and "Oski almo," meaning respectively, "*China brier there gathered*, and *Cane there gathered*." If the tribes or clans living at these localities had received special names from the avocations, they would have been known as Kantakamo and Oskamo, just as the noted Indian tribe in the pre-historic past could well have received the name Alba amo by fusion of vowels Albamo, from some neighboring Choctaw-speaking tribe, not yet emerged from the hunting into the agricultural state.

Confirmatory of the position of Rev. Allen Wright and the independent conclusions of Mr. Halbert, the definitions of "alba" and "amo" in Rev. Cyrus Byington's "Dictionary of the Choctaw Language" are given below. The manuscript of this work, prepared prior to 1856, has been published by the Bureau of American Ethnology, under the editorial direction of Dr. John R. Swanton and Mr. Halbert. The words and their definitions are as follows:

"alba, n., vegetation; herbs; plants; weeds.

"amo, v. t. pl. to pick; to pull; to trim; to mow; to reap, Matt. 6:26; to cut clip; to gather, Luke 6:44; to cut off; to crop; to rid; to shear; to slip; *panki an aiamo*, gather grapes of, Matt. 7:16; *shumati akon aiamo*, gather of this-tles; *tabli*, sing.

"amo, n., a gatherer; a picker; a shearer."

It is an interesting fact that the late Dr. Albert S. Gatschet: *Creek Migration Legend*, p. 85, accepts the etymology of Rev. Allen Wright as above set forth.

Dr. Wm. S. Wyman, of Tuscaloosa, one of the best known students of the State, inclined to the belief that the word means *Mulberry people*. He says that on the oldest French maps the Alabama river is called "Coussa," from which he conjectures that the name Alabama was first given to it by the French, after they built Fort Toulouse in 1714. He says further that in Tristan de Luna's time (1559) the river was sometimes called "Olibahali," or "Ullibali," which is pretty close to the French form, "Alibamon," or "Alabamo." In the language of the Alabama tribe he says that "Ullebehalli" means *Mulberry people*.

Inquiry among the early Indians themselves appears to have been without results as to the meaning of the word. Gen. Thomas S. Woodward in his fascinating book of *Reminiscences of the Creek or Muscogee Indians*, p. 12, says: "I had heard Col. Hawkins say in his time, that he had made every inquiry in his power to ascertain if *Alabama* had any other meaning than the mere name of an Indian town, but never could, unless the name—as it was possible—might be the Indian corruption of the Spanish word for *good water*, though he doubted that.

Discarding then, "Here we rest" as something philologically untenable, but retaining it as something that may hold its own in the realm of poetry and romance, we may look forward with confidence to the investigations of scholars which may fully solve the mystery of the name. And until supplanted by something upon which not a shadow of doubt may rest, we may for the present be content with the "Vegetation-gatherers," who in their aboriginal field-making, were surely and necessarily "Thicket-clearers."

The suggested etymology may be thought a trifle prosaic as compared with the romantic expression, heretofore associated with the Indian anabasis from the west, but in truth it is quite as poetic, besides, it far more nearly represents the character of Alabamians, both in the past and in the present era of growth, when with uplifted aspiration and clear vision they are *opening the way* to newer ideals and the development of the best in life and human endeavor.

STATE BOUNDARIES

Alabama is bounded on the north by Tennessee, east by Georgia, south by Florida and the Gulf of Mexico, and west by the State of Mississippi. The several sections of the Code of Alabama, 1923, containing a description of the State boundaries, with reference to the decisions of the courts thereon, are as follows:

85. (83) (623) (12) (12) (16) (15) *Boundaries of State*—The boundaries of this State are established and declared to be as follows, that is to say: Beginning at the point where the thirty-first degree of north latitude crosses the Perdido river; thence east to the western boundary line of the State of Georgia; thence along said line to the southern boundary line of the State of Tennessee. Thence west along the southern boundary line of the State of Tennessee, crossing the Tennessee river, and on to the second intersection of said river by said line; thence up said river to the mouth of Big Bear Creek; thence by a direct line, to the northwest corner of Washington county, in this State as originally formed; thence southerly along the line of the State of Mississippi to the Gulf of Mexico; thence eastwardly, including all islands within six leagues of the Shore, to the Perdido river; and thence up the said river to the beginning.

Boundaries of Mississippi Territory, Toulmin's *Digest*, p. 76; territory ceded by Georgia, Toulmin's *Digest*, p. 77; territory called Alabama; Toulmin's *Digest* p. 78. (Aiken's *Digest*, p. 29, par. 4; p. 30, par. 6; Clay's *Digest*, p. 47, par. 4; p. 48, par. 6.)

Note.—A strip twelve miles wide on the northern part of the State was ceded by South Carolina to the United States, and then granted to the Mississippi Territory.

86. (84) (624) (13) (13) (17) (16) *Boundary Between Alabama and Georgia*.—The boundary line between Alabama and Georgia commences on the west side of the Chattahoochee river, at the point where it enters the State of Florida; from thence up the river, along the western bank thereof, to the point on Miller's Bend, next above the place where the Uchee creek empties into such river; thence in a direct line to the Nickajack.

Clay's *Digest*, p. 48, par. 9. In *Howard v. Ingersoll*, 17 Ala. 780, the boundary of the State, it was held commenced at low-water mark, on the

west side of the Chattahoochee river, from the point where it enters the present State of Florida, to the "great bend" next above the place where the Uchee creek empties into the said river. In other words, low-water mark on the west side of the Chattahoochee river was the line which separated the jurisdiction of the State of Alabama from the State of Georgia. On writ of error to the Supreme Court of the United States, the decision was reversed, a majority of the court holding that the boundary line between the two States was not low-water mark on the west side of the Chattahoochee river, but a line running up the river on and along its western bank, and that the jurisdiction of Georgia extended to the line which is washed by the water wherever it covers the bed of the river within its banks. The permanent fast land bank governs the line. From the lower edge of the bank the bed of the river commences, and the jurisdiction of Georgia extends to the lower edge of the bank on the west side of the river. Nelson and Grier, JJ., dissenting, held that the true boundary line between the States of Georgia and Alabama, was not a line drawn on the bank or bluff of the river at high-water mark, but the line marked by the permanent bed of the river, by the flow of water at its usual and accustomed stage, and where the water will be found at all times in the season, except when diminished by drought or swollen by freshet.—*Howard v. Ingersoll*, 13 Howard 381.

The boundary line between the States of Georgia and Alabama depends upon the construction of the following words of the contract of cession between the United States and Georgia, describing the boundary of the latter, namely: "West of a line beginning on the western bank of the Chattahoochee river, where the same crosses the boundary between the United States and Spain, running up the said river, and along the western bank thereof."—*State of Alabama v. State of Georgia*, 23 Howard, U. S. 505.

"It is the opinion of this court that the language implies that there is ownership of soil and jurisdiction in Georgia, in the bed of the river Chattahoochee, and that the bed of the river is that portion of its soil which is alternately covered and left bare, as there may be an increase or diminution in the supply of water, and which is adequate to contain it at its average and mean stage during the entire year, without reference to extraordinary freshets of the winter and spring, or the extreme drought of summer or autumn."—*Ib.*

The western line of the cession on the Chattahoochee river must be traced on the water-line of the acclivity of the western bank, and along that bank where that is defined; and in such places on the river where the western bank is not defined, it must be continued up the river on the line of its bed, as that is made by the average and mean stage of the water, as that is expressed in the conclusion of the above recited paragraph."—*Ib.*

By the contract of cession, the navigation of the river is free to both parties.—*Ib.*

87. (85) (625) (14) (14) (18) (17) *Boundary Between Alabama and Florida*.—The boundary line between Alabama and Florida is the

line commonly known as the "mound line," or "Ellicott's line," as distinguished from a "blazed line," known as the "Upper" or "Coffee line," commencing at a point on the Chattahoochee river, near a place known as "Irwin's Mills;" and from thence to the Perdido river, marked the whole distance by blazes on the trees and by mounds of earth, at distances of about one mile.

STATE CAPITAL

During its existence as a Territory and State, since March 3, 1817, Alabama has had several capitals. St. Stephens was designated in the act creating the Territory as the temporary seat of government, and there the two sessions of the Territorial legislature were held. The first constitutional convention was held, in accordance with the enabling act, in Huntsville in 1819, and the first session of the State Legislature was also held there.

The Territorial Legislature, however, had chosen Cahaba as the site for the capital of the State, and the second session of the Legislature was held there in 1820. Cahaba was designated as the seat of government in the constitution, but the Legislature was required at the session of 1825-26 "to designate by law (to which the executive concurrence shall not be required) the permanent seat of government, which shall not thereafter be changed." Cahaba proved to be a very poor and injudicious selection, owing to health conditions, and to its situation, being subject to overflow. In 1826 Tuscaloosa was chosen as the location of the capital, and there it remained until the session of 1845-46. At this time, after a sharp contest between many rival towns, Montgomery was selected. The session previous had proposed a constitutional amendment, striking out the section permanently locating the seat of government, and this amendment had been adopted at the polls.

In selecting Montgomery the Legislature expressly provided by act that the State should be put to no expense in securing lands or in the erection of a capitol building. The citizens of the town at once organized, under the leadership of Col. Charles T. Pollard, Col. A. J. Pickett and others, secured the site, and began the erection of a building. Bonds for \$75,000.00 were issued by the munic-

ipality to pay for construction. These bonds were taken up by local real estate dealers and by local capitalists. The plan of the new capital was drawn by Stephen D. Button; and the contractors were Messrs. B. F. Robinson and R. W. R. Bardwell. It was completed and occupied by the Legislature at its session of 1847-48, the first session held in Montgomery. On December 14, 1849, during the second session held in Montgomery, the building was destroyed by fire. On February 11, 1850, the Legislature made an appropriation of \$60,000.00, with which the central section of the present building was erected substantially on the foundations of the burned structure.

During the administration of Gov. William H. Smith several improvements were made, which added convenience and beauty to the lower floor of the building.

From the time of its completion in 1851 until 1885 no increase in its capacity had been made. In the latter year, Feb. 17, the Legislature made an appropriation of \$25,000.00 for "needed enlargement." This expenditure resulted in the erection of the rear extension, that is, all that part from the basement to the roof east of the stairway leading to the State and Supreme Court library.

In 1903 the Legislature appropriated \$150,000 with which the South end of the Capital Square was purchased and the South wing erected in 1905-06; and in 1911 an appropriation of \$100,000 was made with which a North wing was added.

STATE EXECUTIVE MANSION

The Governor's Mansion is located in the City of Montgomery, at 702 South Perry Street. It was erected in 1906 and was purchased by the State from Moses Sabel, by whom it was built. The price was forty-six thousand, five hundred dollars (\$46,500), including sundry furnishings. It is a two-story pressed brick structure, was mansard roof, and presents a very attractive and stately appearance.

Until the purchase of this building, the State had never owned an official residence for the use of its governors. The Legislature

of 1911 passed "an act to make an appropriation for the purchase of a residence for the Governor of Alabama, and grounds and furnishings therefor, and for the acquisition by condemnation or purchase of any real estate necessary or beneficial for such purpose, to provide a building commission for such purpose, and to make an annual appropriation for the maintenance of such residence," approved Feb. 14, 1911.

A commission of seven members was provided by this act, four of whom were the incumbents respectively of the offices of Governor, Secretary of State, Attorney-General and the Director of the Department of Archives and History, and three citizens of the City or County of Montgomery to be appointed by the Governor. After the appointment of the three members required to be named by the Governor, the following constituted the membership of the Commission: Emmet O'Neal, Governor; Cyrus B. Brown, Secretary of State; Robert C. Brickell, Attorney-General; Thomas M. Owen, Director of the Department of Archives and History; and Michael H. Screws, William T. Sheehan, and William G. Covington, the last three being citizens of Montgomery. The first meeting of the Commission was held April 27, 1911. Other meetings were held, and the purchase of the property mentioned above was agreed upon. The deed of conveyance bears date, May 29, and was filed for record in Montgomery county, June 1, 1911.

STATE SEAL

When William Wyatt Bibb in 1817, was appointed Governor of the newly created Alabama Territory by President Monroe and opened Territorial offices in St. Stephens, he realized that the commissions and other State papers which he issued needed an official seal. Under a law of Congress a Territorial Governor was authorized to select a design for a seal. Governor Bibb realized that no design would be more effective than a map of the State showing its noble river courses. He therefore had a seal made carrying that design. Around the map which also showed the States bounding Alabama, were the words "Alabama Executive Office". No other Department of State used that seal in any way whatever.

In 1819 when Alabama became a State the Territorial seal was designated by the first Legislature as the State Seal, and was in use for fifty years. In 1868, the Reconstruction Legislature, made up in large part of men from other States who had come to Alabama as "Carpetbaggers" to take over the affairs of the State after the War Between the States, and partly of Negroes who had been put in the Legislature by these out-of-State men, the beautiful old seal which was definitely an Alabama emblem was abolished. These "Carpetbag" members of the Legislature who abolished the State's significant old seal desired to brand the people of Alabama who had so lately been in arms against the Union with a United States emblem. The Legislature therefore had a new seal made. It consisted of the shield of the United States seal and on the shield was an eagle. In the beak of the eagle was a scroll on which was written the words "Here We Rest". An Alabama author many years before had written an Indian legend which he later declared was purely fictitious, to the effect that the Indian word "Alabama" meant "Here We Rest". Later students of the subject declared that Alabama meant "This is a goodly land, here we will make our home". Around the new emblem were placed the words "Alabama Great Seal." This Great Seal was used for seventy-one years to authenticate official documents by the Governor and the Secretary of State. Many officials used it as the letterhead of their stationary.

When the Legislature of 1939 assembled, a Bill was introduced to restore the original seal as the Great Seal of Alabama. This movement had been sponsored by the Alabama Division, United Daughters of the Confederacy, and there was not a dissenting vote when the Bill came up for action, either in the Senate or the House. Governor Frank M. Dixon approved the new law and the Secretary of State at once had a new Great Seal engraved. Once more the people of Alabama have a Great Seal that carries its own State map showing its magnificent rivers. At the time Governor Bibb first designed this executive seal there was no good roads in Alabama and all heavy shipping was done by the rivers. Nothing was known about the use of waterfalls for the manufacture of hydro-electric power. Today our great cities and our farm homes are lighted with the power of our rivers. Great industrial enterprises are carried on with electricity from that power. The same Legislature that passed a law restoring the map of the State

as the Great Seal also passed a law providing for a coat-of-arms. Instead of the people of Alabama having to defend the phrase "Here We Rest" which implied to some that our people were lacking in energy and industry, we now have a proud motto on our State coat-of-arms. The English translation of the motto is "We dare defend our rights."

COAT-OF-ARMS

No State in the Union has a more historically significant coat-of-arms than Alabama now boasts. The Bill to legalize a State coat-of-arms was introduced in the Alabama Legislature of 1939 by Hon. James Simpson, of Jefferson County and was passed without a dissenting vote by both Houses. The coat-of-arms consists of a shield on which appears the emblems of the five governments that have for four hundred years held sovereignty over Alabama, either in whole or in part—Spain, France, Great Britain, the United States, the Confederacy and again the United States. This shield is supported on either side by eagles, symbolic of courage. The crest is a ship of the model of the ships in which Iberville and Bienville sailed to our country from France and settled the first colony of white men in the Mobile country in 1699. The ship as the crest of the shield is also significant of the fact that Alabama is a maritime State. The motto beneath the shield in Latin is "Audemus jura nostra defendere."* Beneath the motto is the State name—"Alabama".

The original design of the Alabama coat-of-arms was made in 1923 by B. J. Tieman, of New York, a distinguished authority on heraldry, at the request of Mrs. Marie Bankhead Owen, Director of the State Department of Archives and History. A few years later Mrs. Naomi Rabb Winston, of Washington, D. C., painted the completed design in oil. Mrs. Owen selected the motto which was put into Latin by Professor W. B. Saffold, of the University of Alabama. It was through the influence of Mrs. Juliet Perry Dixon, wife of Governor Frank M. Dixon, that official action was taken by the Legislature.

*Ou-da-mus ya-ra nos-tra da-fen-de-re.—"We Dare Maintain Our Rights"

STATE FLAG

The flag of the State of Alabama was adopted by Act of February 16, 1895, introduced into the House of Representatives by Hon. John W. A. Sanford, Jr., then a member from Montgomery county. See *Acts*, 1894-95, p. 719. The following is the statutory description, taken from the *Code of Alabama*, 1907, vol. 1, section 2058 and 2059:

"2058. (3751) *Flag of the State.*—The flag of the State of Alabama shall be a crimson cross of St. Andrew on a field of white. The bars forming the cross shall not be less than six inches broad and must extend diagonally across the flag, from side to side."

2059. (3752). *When Displayed.*—The flag of the State shall be hoisted on the dome of the capitol when the two houses of the Legislature are in session, and shall be used by the State on all occasions when it may be necessary or customary to display a flag, except when, in the opinion of the governor, the national flag should be displayed."

From the foregoing description, and from local inquiry as to the form of design submitted in connection with the original bill, the flag was intended by the Legislature to preserve in permanent form some of the more distinctive features of the Confederate battle flag, particularly the St. Andrews' cross. This being true, the Alabama flag should be square, and in all of its lines and measurements conform to the well-known flag of the Confederacy.

On referring to the regulations governing the Confederate battle flag, it is found that it must be forty-eight inches square, with the arms of the cross eight and one-half inches wide over all, that is, the blue arms with the white border. The law providing for the Alabama State flag merely declares that the arms shall not be less than six inches broad, with the further provision that they must "extend diagonally across the flag from side to side." The latter is intended to mean that the bars must cross each other at right angles, and that the ends of the bars must divide equally at each corner. In the event a larger or smaller size should be desired, the measurements increase or diminish proportionately.

The regulations for the battle-flag also provide for a border of one and one-half inches. Therefore, the proper size for the Ala-

bama State flag would be fifty-one inches square over all, with the arms of St. Andrew's cross eight and one-half inches wide over all, extending diagonally across the flag from side to side, the ends of the bars dividing equally at each corner.

Under an Act approved September 26, 1923, the flag of the State, as well as the flag of the United States, is required to be displayed every day on which school is in session, at all schools in the State which are supported even in part by public funds. The Act does not intend the flag to be displayed on the walls of the building, but the State Superintendent of Education has ruled that it shall be hoisted on a pole provided for this purpose. Section 4 of the Act requires the School Board of the county to furnish and pay for the several flags used in the county. Hon. George W. Randall, Senator from the Eighteenth District, is the author of this latest Act.

STATE FLOWER

A bill introduced in the Legislature, 1927, by Representative T. E. Martin, of Montgomery county, making the Goldenrod the State Flower, became a law September 6, 1927. Alabama's interest in the Goldenrod as its State Flower is due to efforts made by Mrs. Aurora Pryor McClellan, of Athens, Ala., beginning at a floral convention held in Athens, Oct. 25, 1889. At that time interest was widespread in suggestions for a National flower. Mrs. McClellan advocated the Goldenrod and continued her advocacy of that flower until her death.

ALABAMA'S GOLDENROD

By Frances R. Durham

From the Gulf in the south to the mountains
That lift their fair strength to the skies,
The goldenrod springs in bright fountains,
The crest of the goldenrod flies.
Out of the dusk of the grasses
Where the meadows lie rich and broad
Are spun the starry masses
Alabama's goldenrod.

A largesse for all of her living
A wreath for her sacred dead;
This land that is fruitful with giving
This land by a thousand streams fed,
Acclaims a gallant flower,
By every hill and road,
As her emblem of pride and power,
Alabama's goldenrod.

STATE BIRD

A bill introduced in the Legislature, 1927, by Representative T. E. Martin, of Montgomery county, making the Yellowhammer the State Bird, became a law September 6, 1927. Alabama has been known since the period of the War Between the States as the "Yellowhammer State." This nickname was applied to the Confederate soldiers from Alabama owing to the fact that the colors of the Confederate uniform and the yellow trimmings of the cavalry correspond to that bird. Mr. John D. Giddens, of Leighton, Colbert county, Ala., a member of Co. E., Russell's Brigade, Confederate States Army, is responsible for the following account of the incident that led to the name being given to Alabama soldiers:

"The term, Yellowhammer, applied to Alabama and the Alabamians originated with a Confederate soldier named Will Arnett who belonged to Company A of N. B. Forrest's original regiment at Hopkinsville, Ky., in 1861.

"When the company from Huntsville, Alabama, the Captain of which was Rev. D. C. Kelly, who became one of Forrest's Majors, and which was afterwards commanded by Lieutenant Nance, arrived at Hopkinsville, the officers and men were handsomely uniformed and on the sleeves, collars and tails of their coats were bits of brilliant yellow cloth. Forrest's troops all turned out to receive the Alabamians. As they marched past Company A, Will Arnett, who was a great wag, cried out at sight of their yellow trimmed coats, 'Yellowhammer—yellowhammer—flicker—flicker—flicker.' There was a roar of laughter at this apt wit and from that moment the Huntsville soldiers were spoken of as the Yellowhammer Company, a term that quickly spread throughout the Confederate Army and was applied to the State of Alabama, so today we have the Yellowhammer State."

STATE SONG

The words of "Alabama", the State song, were written by Miss Julia S. Tutwiler, a distinguished educator and humanitarian. It was first sung to an Austrian air but in 1931 through the interest of the Alabama Federation of Music Clubs, a tune written by Mrs. Edna Goeckel Gussen, of Birmingham, with Miss Tutwiler's words, was adopted by the Legislature as the official State song. The Bill was introduced by the Hon. Tyler Goodwyn, of Montgomery, and was approved by Governor B. M. Miller.

The inspiration for writing the poem "Alabama" came to Miss Tutwiler after she returned to her native State from Germany where she had been studying new educational methods for girls and women. She found the people of Alabama greatly depressed due to Reconstruction conditions following the War Between the States. She recalled that in Germany patriotism was kept aflame by spirited songs. She thought that it would be helpful to restoring the spirits of her own people to give them a new patriotic song, so she wrote a father-land song for us and called it "Alabama". The substance of the song is that we live in a land of wide rivers that have beautiful Indian names; that many flowers bloom in Alabama to make the land bright with color and sweet with perfume. She recalled to our minds the fact that orange trees grow on our seashore and that on our fertile land grows snowy cotton for our clothes and golden corn for our food; that inside the earth are mines of coal and iron and quarries of marble. But best of all she emphasized the fact that the people of Alabama are brave and true.

STATE SONG

ALABAMA

By Miss Julia S. Tutwiler

The music by Mrs. Edna Goeckel Gussen, of Birmingham, was adopted by the State Federation of Music Clubs, and through their efforts the following H. J. R. was adopted March 3, 1931, by the Legislature:

No. 128

H. J. R. 74

Goodwyn

To approve and adopt the original musical setting by Mrs. Edna Goeckel Gussen, of Birmingham, Alabama, of the words of the poem "Alabama," by Julia S. Tutwiler and make the same the State song of Alabama.

Approved by the Governor,
March 9, 1931.

1

Alabama, Alabama,
 We will aye be true to thee,
 From thy Southern shore where
 groweth,
 By the sea thine orange tree,
 To thy Northern vale where floweth,
 Deep and blue thy Tennessee,
 Alabama, Alabama,
 We will aye be true to thee!

2

Broad the Stream whose name thou
 bearest;
 Grand thy Bigbee rolls along;
 Fair thy Coosa—Tallapoosa
 Bold thy Warrior, dark and strong;
 Goodlier than the land that Moses
 Climbed lone Nebo's Mount to see,
 Alabama, Alabama,
 We will aye be true to thee!

3

From thy prairies broad and fertile,
 Where thy snow-white cotton shines,
 To the hills where coal and iron
 Hide in thine exhaustless mines,
 Strong-armed miners—sturdy farmers;
 Loyal hearts whate'er we be,
 Alabama, Alabama,
 We will aye be true to thee!

4

From thy quarries where the marble
 White as that of Paros gleams
 Waiting till thy sculptors' chisel,
 Wake to life thy poet's dreams;
 For not only wealth of nature,
 Wealth of mind hast thou to fee,
 Alabama, Alabama,
 We will aye be true to thee!

5

Where the perfumed south-wind
 whispers,
 Thy magnolia groves among
 Softer than a mother's kisses,
 Sweeter than a mother's song;
 Where the golden jasmine trailing,
 Woos the treasure-laden bee,
 Alabama, Alabama,
 We will aye be true to thee!

6

Brave and pure thy men and women,
 Better this than corn and wine,
 Make us worthy, God in heaven,
 Of this goodly land of Thine;
 Hearts as open as our doorways,
 Liberal lands and spirits free,
 Alabama, Alabama,
 We will aye be true to thee!

7

Little, little, can I give thee,
 Alabama, mother mine;
 But that little—hand, brain, spirit,
 All I have and am are thine,
 Take, O take the gift and giver,
 Take and serve thyself with me,
 Alabama, Alabama,
 I will aye be true to thee!

ARTHUR RICHMOND FORSYTH, of Birmingham, Director of the Department of Finance, was born March 12, 1873, in Atlanta, Ga. He is the son of William Forsyth of Airdrie, Scotland, who later lived in Atlanta.

Mr. Forsyth was educated in the public schools of Atlanta. He came to Alabama at the age of sixteen and worked for several years with iron companies. In 1894 he settled in Birmingham and was connected with the First National Bank as stenographer, clerk and assistant cashier until 1907 when he resigned to accept the position of treasurer of the Southern Steel Company. This company later failed and upon its reorganization in 1909 as Southern Iron and Steel Company he became the secretary and treasurer. Upon its second failure and reorganization in 1913 as Gulf States Steel Company he was named as secretary and treasurer, becoming vice president and treasurer in 1916. Upon its merger with the Republic Steel Corporation in 1937 he remained as assistant treasurer for six months when he resigned rather than leave Alabama. He served for several years as a member of the Industrial Loan Committee of the Federal Reserve Bank of Atlanta and as a member of the Alabama Advisory Committee of the Reconstruction Finance Corporation. He was appointed by Governor Dixon as president of the Board of Administration in January 1939, and was named formally as director of the newly created Finance Department on March 9, 1939. He is a Presbyterian and a Mason.

8. When a motion shall be made, it shall be reduced to writing, if desired by the President, or any Senator, delivered at the table, and read, before the same shall be debated.

If the question in debate contains several points any Senator may vote for a division, but on a motion to strike out and insert, it shall not be in order to move for a division of the question; but the rejection of a motion to strike out and insert one proposition, shall not prevent a motion to strike out and insert a different proposition, nor prevent a subsequent motion simply to strike out, prevent a subsequent motion to strike out and insert.

RULES OF THE HOUSE

Regular Session, 1939

Rule 1. The Speaker shall take the chair every day at the hour fixed on the preceding adjournment; shall immediately call the members to order, and on the appearance of a quorum, cause the journal of the preceding day to be read.

2. He shall preserve order and decorum; may speak to points of order in preference to other members, rising from his chair for that purpose. He shall decide questions of order, subject to an appeal to the House, at the request of any member; which appeal shall be decided without debate.

3. He shall rise to put a question, but may state it sitting. All questions shall be distinctly put in this form, viz: "Those in favor (as the question may be) say 'aye,' and after the affirmative voice is expressed, 'Those opposed to the motion say No.'" If the Speaker doubts, or a division is called for before a decision is announced, they shall divide. Those in the affirmative of the question shall rise from their seats; and afterwards those in the negative.

4. He shall have a right to name any member to perform the duties of the chair, but such substitution shall not extend beyond an adjournment, or may designate any member as Speaker Pro Tem and the member so designated shall have and exercise all the powers and duties of Speaker for the time such member is acting as Speaker Pro Tem.

5. Fifteen members shall have power to send for absent members or to move a call of the House; but no call of the House shall be made except on the concurrence of a majority of the members present. A majority of the House shall be a quorum to transact business.

6. When any member is about to speak or deliver any matter to the House, he shall rise from his seat and respectfully address himself to the Speaker.

7. If any member, in speaking or otherwise, transgress the Rules, the Speaker shall, or any member may, call him to order, in which case the member so called to order shall immediately sit down, unless permitted to explain; and the House shall, if appealed to, decide on the case without debate. If the decision be in favor of the member so called to order, he shall be at liberty to proceed; if otherwise, and the case require it, he shall be liable to censure of the House.

8. When two or more members happen to rise at the same time, the Speaker shall name the person who is to speak first.

9. No member shall speak more than twice on the same question without leave of the House, unless he be the mover or chairman of the Committee proposing the matter pending, in which case he shall be permitted to speak in reply, but not until every member choosing to speak shall have spoken.

10. Upon the call of the House for taking the ayes and noes on any question, names of the members shall be called alphabetically, and each member shall answer from his seat.

11. When any question is taken by ayes and noes, and a member who has been absent returns before the question is decided, he shall be privileged to make inquiry of the subject before the House, and record his vote without discussion.

12. When a motion is made it shall be stated by the Speaker; or if in writing shall be read aloud by the Clerk; and every motion shall be reduced to writing if the Speaker or any member request it.

13. Any member may call for a division of the question when the sense will admit it.

14. Members shall particularly forbear personal reflections; nor shall any member name another in argument or debate.

15. After a motion is stated by the Speaker or read by the Clerk, it shall be deemed in possession of the House, but may be withdrawn by leave of the House, at any time before decision by majority vote.

16. When a question is before the House, motions may be received in the following order, to-wit: First, to fix the time to which the House shall adjourn; second, to adjourn; third, to indefinitely postpone; fourth, to lay on the table; fifth, for the previous question; sixth, to postpone to a certain day, not beyond the probable duration of the session; seventh, to commit; eighth, to amend.

17. A motion to adjourn shall always be in order, even in the absence of a quorum.

18. When a vote has been announced by the Speaker, except on a previous question, or on motion to lay on the table, or to take from the table, it shall be in order for any member who voted with the prevailing side to move for a reconsideration thereof on the same day or by filing a written motion with the Clerk within one hour after reading the Journal on the succeeding day and such motion shall be considered forthwith after disposition of any business then before the House or taking precedence thereto, unless by a majority vote the same be fixed for consideration at another time; when a motion for reconsideration is decided that decision shall not be reconsidered and no question be twice reconsidered, provided, however, that a motion to reconsider a vote upon any incidental or subsidiary question shall not remove the main subject under consideration from the House, but shall be considered at the time when it is made.

19. No bill or joint resolution of the House shall be sent to the Senate unless by special order of the House until the time allowed for the last preceding rule for reconsideration shall have passed.

20. The previous question shall be in the following form, "Shall the main question be now put?" If demanded by a vote of a majority of the members present its effect shall be to cut off all debate and bring the House to a direct vote, first upon the pending amendments, if there be any, in their order, and then on the main question, but the mover of the question or the chairman of the committee having charge of the bill or resolution, shall have the right to close the debate, after the call of the previous question has been sustained, for not more than fifteen minutes.

21. The Speaker shall appoint a Reading Clerk for the House whose pay shall be the same as that of the Clerk of the House. The Speaker shall also appoint all committees unless otherwise directed by the House and may designate who shall be Chairman and Vice-Chairman, provided, however, a majority of each committee shall constitute a quorum, and the following shall constitute the Standing Committees of the House.

CHAPTER XII.

ALABAMA POPULATION BY COUNTIES
AND BY MINOR CIVIL DIVISIONS

NUMBER AND DISTRIBUTION OF INHABITANTS

Population of the State.—Alabama was organized as a territory in March, 1817, and it was admitted to the Union as the twenty-second State in December, 1819. Its population on April 1, 1930, according to the Fifteenth Census, was 2,646,248, which represents an increase of 298,074 or 12.7 per cent, as compared with the population on January 1, 1920. The total land area of the State, as shown in Table 3, is 51,279 square miles. The average number of inhabitants per square mile in 1930 was 51.6, as compared with 45.8 in 1920.

Table 1 shows the population of Alabama from 1820, the year in which its area was first enumerated, to 1930, together with the increase in each decade.

Counties, cities, and minor civil divisions.—In the tables which follow (Tables 2 to 6), the population of Alabama is shown by counties, election precincts,

cities, and incorporated towns, with some comparative figures from previous censuses.

Cities of 10,000 or more.—There are 14 cities in the State which had a population of 10,000 or more in 1930. Table 2 shows for these cities the population at each census for which figures are available, together with the increase or decrease in each decade. Birmingham, the largest city, first became an important industrial center between 1880 and 1890. Its growth has been very rapid during each decade of its history. Bessemer and Fairfield are within the metropolitan area of Birmingham and have shared the growth of that city. Mobile, on Mobile Bay, retains its position as the second city in Alabama, closely followed by Montgomery, the capital. Decatur and Phenix City have entered this population class since 1920 by virtue of consolidations and annexations. Fairfield and Huntsville also first attained a population of 10,000 or more between 1920 and 1930.

APPENDIX

SUMMARY OF PRELIMINARY POPULATION FIGURES FOR THE STATE OF ALABAMA: 1940

Director William L. Austin, of the Bureau of the Census, Department of Commerce, announced today the provisional population of the State of Alabama, based on the returns of the Sixteenth Decennial Census. On April 1, 1940, Alabama had a population of 2,809,267 as compared with 2,646,248 in 1930, showing an increase of 163,019 during the decade. This represents an increase of 6.2 percent between 1930 and 1940, as compared with 12.7 percent between 1920 and 1930.

The following table gives the population of Alabama by counties, and also the population of the 14 cities in the State with population of 10,000 or more. The figures are based on announcements made by the local supervisors and are subject to revision. Similar preliminary announcements of the population of other States will be made as the figures become available.

Proposed Amendment No. 3

"Shall the following be adopted as an Amendment to the Constitution of Alabama?"

(a) That the Municipality of Attalla, Alabama, through its governing body, may levy and collect from and after the date of this amendment the present rate of one per cent ad valorem tax per annum, and said amount to be devoted to the payment of outstanding bonds, provide for schools, and such other purposes as may be designated by the governing body of said municipality, but before any additional tax now authorized by law can be levied, it must be voted by a majority of qualified electors of the municipality voting on such proposition at an election called by the governing body of said Municipality for such purposes; providing that the total tax levied for all purposes by the said Municipality of Attalla shall not exceed one per centum in any one year on the property situated therein, based on the valuation of such property as assessed for State taxation. (b) That the adoption of this amendment shall in no wise effect, limit, modify, abridge or impair the power, authority or right of such Municipality to levy and collect the special school taxes now or hereafter vested in or conferred upon it under the Constitution or any amendment thereto. (c) Each election held under the provisions of this amendment shall be ordered, held, canvassed and may be contested in the same manner as is or may be provided by the law applicable to Municipal Corporations, for elections to order the issuance of municipal bonds. The ballots used at such election shall contain the following words: "For authorization of a continuation of taxation at a rate not to exceed one per cent per annum for the purpose of the payment of outstanding bonds, provide for schools, and such other purposes as may be designated by the governing body of said Municipality." "Against authorization of a continuation of taxation at a rate not to exceed one per cent per annum for the purpose of the payment of outstanding bonds, provide for schools, and such other purposes as may be designated by the governing body of said Municipality." The rate of taxation proposed shall be printed upon the ballot in the space indicated therefor and for the year or years in which the proposed rate is to apply, and the purpose or purposes for which said tax is to be used shall likewise be placed in the respective places therefor. The voter shall record his choice either for or against authorization of the proposed rate for the proposed purposes by placing a cross mark before or after

the words expressing his choice. Nothing herein contained shall in any wise change or effect the rights of any holder of bonds of said Municipal Corporations heretofore issued. Elections in said Municipality to order the levy of such tax may be held as often as ordered by the governing body thereof, but when a proposition is submitted to the said municipality hereunder and such proposition is defeated, no second election shall be held in such municipality for one year thereafter. This amendment shall be self-operative without any additional legislation.

That no person shall for any indictable offense be proceeded against criminally by information, except in cases arising in the militia and volunteer forces when in actual service, or when assembled under arms as a military organization, or, by leave of the court, for misfeasance, misdemeanor, extortion and oppression in office, otherwise than is provided in the Constitution; provided, that in cases of misdemeanor, the Legislature may by law dispense with a grand jury and authorize such prosecutions and proceedings before justices of the peace or such other inferior courts as may be by law established. Provided further that in all felony cases, except those punishable by capital punishment, the Legislature may by law dispense with a grand jury and authorize such prosecutions and proceedings in such manner as may be provided by law if the defendant, after having had the advice of counsel of his choice or in the event he is unable to employ counsel, the advice of counsel which must be appointed by the court, makes known in open court to a judge of a court having jurisdiction of the offense that he desires to plead guilty, provided, however, the defendant cannot plead guilty within fifteen days after his arrest."

Proposed Amendment No. 3

"Shall the following be adopted as an amendment to the Constitution of Alabama?"

"All sessions of the Legislature shall be held at the Capitol in the Senate Chamber and in the Hall of the House of Representatives; unless at any

time it should from any cause become impossible or dangerous for the Legislature to meet or remain at the Capitol or for the Senate to meet or remain in the Senate Chamber, or for the Representatives to meet or remain in the Hall of the House of Representatives, in which case the Governor may convene the Legislature, or remove it after it has convened, to some other place, or may designate some other place for the sitting of the respective houses, or either of them, as necessity may require.

"The Legislature shall convene on the second Tuesday in January next succeeding their election and shall remain in session for not longer than ten consecutive calendar days. No business can be transacted at such sessions except the organization of the Legislature, the election of officers and the appointment of standing committees of the Senate and the House of Representatives for the ensuing four years, which election and appointment may, however, also be made at such other times as may be necessary, the opening and publication of the returns and the ascertainment and declaration of the results of the election for Governor, Lieutenant-Governor, Attorney General, State Auditor, Secretary of State, State Treasurer, Superintendent of Education and Commissioner of Agriculture and Industries, the election of such officers in the event of a tie vote, the determination of contested elections for such offices, the judging of the election returns and qualifications of the members of the Legislature, and the inauguration of the Governor and the other elected State officers whose terms of office are concurrent with that of the Governor. At the beginning of each such organization session, and at such other times as may be necessary, the Senate shall elect one of its members president pro tempore thereof, to preside over its deliberations in the absence of the Lieutenant-Governor, and the House of Representatives shall elect one of its members as Speaker, to preside over its deliberations. The President of the Senate and the Speaker of the House of Representatives shall each hold his respective office until his successor has been elected and qualified.

"The Legislature shall convene in regular sessions on the first Tuesday in May of 1943 and on the first Tuesday in May in each second year thereafter, until the date of meeting shall have been changed by Act of the Legislature and approved by the Governor. No such regular session shall continue for longer than sixty consecutive calendar days.

"No special session of the Legislature convened in the manner provided by this Constitution shall continue for longer than thirty consecutive calendar days.

"The pay of members of the Legislature shall be ten dollars for each day during the period in which the Legislature is in session but not exceeding in any event the number of calendar days for which the Legislature is authorized to be in session. Each member of the Legislature shall be paid ten cents per mile in going from his residence to, and in returning to his residence from, the seat of government, to be computed by the nearest usual

route traveled, and not more than one such travel allowance shall be paid for each session of the Legislature.

"The provisions of this Constitution in conflict herewith are hereby modified to conform to the provisions of this amendment.

"The provisions of this amendment shall become effective at the beginning of the term of the members of the Legislature elected at the General Election in 1942."
